for example, in the case of arthritis inflammation and pain, cox-2 responds to tissue damage by oxidizing arachidonic acid, creating prostaglandins which in turn produce local inflammation.

I emailed Dr. Egogo the spell caster and I told him my problem and I did what he asked of me, to cut the long story short.

You can and will make a difference to all.

I am now going to tell my doc to try something else cuz if I can’t take 1800mg a day then upping the dosage would only make it worse. Thank you for this post.
