in the past we were forced to use this second option, but nowadays there are so many new possibilities

[medicalert.ca/gps](http://medicalert.ca/gps)

said steve trammel, also an ihs research director and adviser and the project leader for the study. in summary,

[medicalert.ca/nochildwithout](http://medicalert.ca/nochildwithout)

[medicalert.ca/diabetes](http://medicalert.ca/diabetes)

[medicalert.ca/save](http://medicalert.ca/save)

durk: we found out that there were certain drugs that would do it, for example, l-dopa
